

How to create a player account and register for an event

REGISTRATION PROCESS

1. First, players, Create a player account at <https://espin.gg> > <https://espin.gg/register>
- 2a. "Player" Recieves a verification email to activate their player account.
- 2b. If a player is under 18, it will be necessary for the players parent to create a "Parent Account". During the Player Registration process, the system will ask for a parent email address. At the parent email address provided, the player's parent will receive an email to create an account at the associated email and verify their child/player.

Once the player email is verified and the parent (if applicable) account has been created, the player's account will be active.

REGISTER FOR EVENT

1. Please be sure to list your teammates in the appropriate field and list your team name as your High School name if applicable.
2. View our full events list for additional play opportunities > <https://espin.gg/events>
3. Be on the lookout for a discord invite via email! We use the discord server as the main channel of communication for the event. Please feel free to invite your teammates as well to the discord if you are the first of your team there. In the verification channel, please provide the needed information to be verified and given roles.

You may also receive a friend request from the a SPIN staff member listed below via discord:
